ARTICLE VI

GRIEVANCE PROCEDURE

1. A grievance is any claim by employee/employees that there has been an alleged violation, misinterpretation, or misapplication of any provision of a specific article of this Agreement. An opportunity for the Association representative to be present shall be afforded at all steps of the grievance procedure.
2. The “grievant” is the teacher(s), or Association, directly affected by the specific alleged violation of this agreement.
3. Informal Procedure_- Within ten (10) working days of the occurrence of the alleged violation, the grievant will orally present his/her concern during non-student contact hours to his/her immediate supervisor. Within ten (10) additional working days after the presentation of the grievance, the supervisor shall give his/her answer orally to the employee.
4. Formal Procedure - The formal grievance procedure for any grievant shall be as follows:
 - Step 1: If the grievant is not satisfied with the informal resolution he/she may, within ten (10) working days of the oral disposition, file a formal grievance on the proper form provided by the Board set forth in Appendix I. The statement of grievance shall cite in writing the facts giving rise to the alleged violation, the relief sought, and shall be signed by the grievant(s). The form shall be filed with the employee’s immediate supervisor who shall within ten (10) working days after receiving the grievance, communicate his/her disposition in writing to the grievant.
 - Step 2: If the grievant is not satisfied with the disposition at Step 1, he/she may within ten (10) working days of the disposition at Step 1, file a copy of the grievance with the Superintendent. The Superintendent or his/her designee may conduct whatever investigation is necessary to make a finding. The Superintendent or

his/her designee within ten (10) working days of receipt of the grievance shall meet with the grievant, indicate the disposition of the grievance in writing and shall furnish a copy thereof to the grievant.

Step 3: Mediation or Arbitration:

- a. **Mediation.** The parties may, by written agreement, submit a grievance to mediation to be conducted by the Federal Mediation and Conciliation Service (FMCS) prior to being submitted to arbitration. The written agreement by both parties must be completed within 10 working days of the receipt of the written disposition of Step 2 by the grievant; otherwise the grievance process will advance to Step 3b. When the parties agree to mediate an issue, the time limits to file for arbitration shall automatically be extended for the period necessary to conclude the mediation process.
- b. **Arbitration.** If the grievance remains unresolved at the conclusion of Step 2 or Step 3a, the grievance may be submitted to the American Arbitration Association (AAA) by the Liberty Education Association (LEA). The written notice of submission to arbitration must be submitted to the Superintendent and the American Arbitration Association within ten (10) working days of the receipt of the written disposition of Step 2 by the grievant, or within ten working days following the completion of the mediation process. The grievance must be submitted by registered mail by the grievant. If the parties cannot agree as to the arbitrator within ten (10) working days from the notification date that arbitration will be pursued, the arbitrator shall be selected in accordance with the rules of the American Arbitration Association whose rules shall likewise govern the arbitration proceedings. Neither the Board nor the grievant shall be permitted to assert any grounds or evidence before the arbitrator, which was not previously disclosed to the other party, and the arbitrator shall have no power to alter the terms of this Agreement. Both parties agree that the award of the arbitrator shall be final and binding. The Board and the Association shall share equally the cost of the arbitration.

5. The time limits provided in the Article shall be strictly observed but may be extended by mutual agreement of the Board and the grievant. In the event a grievance is filed after May 15 of any year and strict adherence to time limits may result in hardship to any party, the Board shall use its best efforts to process such grievance prior to the end of the school term or as soon thereafter as possible. Whenever illness or other incapacity of the aggrieved prevents his/her presence at a grievance meeting, the time limits shall be extended to such time the person can be present. In such cases, the aggrieved may be required to provide the Board with a doctor's certification of illness or other incapacity. When such grievance meetings are held during school hours, each employee whose presence is required shall be excused with pay for that purpose.
6. Adjustment of any grievance as described herein shall not be inconsistent with the provisions of this Agreement.
7. The administration or Board will take no reprisals of any kind against any teacher because of his/her participation in this grievance procedure. All documents, communications and records dealing with the process of a grievance will be filed separately from the personnel files of the participant.
8. Notwithstanding the expiration of this Agreement, any grievance filed prior to the expiration of this Agreement having begun thereunder may be processed through the grievance procedure until resolution.
9. If either party disputes the arbitrability of any grievance, the arbitrator shall decide the issue of arbitrability first, before proceeding, if necessary, to the merits.
10. The failure of a grievant to proceed from one step of the grievance procedure to the next step within the time limits set forth shall be deemed to be an acceptance of the decision rendered.
11. The failure of a site-based administrator/supervisor to communicate his/her decision to the grievant within the specified time limits shall automatically move the grievance to the next step in the grievance procedure.
12. The date of the disposition shall be the date on which the principal or other management official delivers the disposition to the Association, or grievant, whichever is appropriate, or the date of the postmark in those where delivery is by U.S. Mail.

ARTICLE VII
MANAGEMENT RIGHTS

1. It is the right of the Board and/or Superintendent to determine the purpose of each of its constituent agencies, set standards of service to be offered to the public, and exercise control and discretion over its organization and operations except as modified by the terms of this Agreement. - j. Only procedures outlined in this article are subject to the grievance procedure as set forth in Article VI.

ARTICLE XI

TEACHER DISCIPLINE

- 1. Any discipline of an employee including reprimand, suspension, demotion and/or discharge shall be the same as designated in management rights.
- 2. No action against an employee shall be taken on a basis of a complaint by a parent or student without first discussing the complaint with the employee.
- 3. A teacher shall be entitled to have a representative of his/her choice, including an Association representative, when he/she is disciplined for any infraction of rules or delinquency in professional performance, excluding informal warnings, criticisms or suggestions for improvement which do not form the basis for formal action. When a request for such

representation is made, no action shall be taken with respect to the employee until such representative is present.

Professional Discipline

A competent and qualified workforce is essential to providing a quality education for students. When an employee's performance or conduct is called into question, the first goal of the District should be to assist the employee to improve his/her performance. One method to accomplish this goal is the utilization of progressive discipline. Progressive discipline, when applied properly, results in changes in employee behavior and improved performance. The following steps may be utilized for discipline:

Step 1 - Verbal Warning

Step 2 - Letter of Instruction

Step 3 - Letter of Reprimand

Step 4 - Suspension With or Without Pay (See NOTE below)

Progressive discipline at the lowest level for a first offense is not always appropriate when the severity of the misconduct demonstrates that discipline should begin at a higher threshold. Both the District and the Association understand that there are violations of conduct where strict adherence to progressive discipline would be a breach of the District's duty

ARTICLE XII **ACADEMIC FREEDOM**

1. The parties agree that student instruction shall be divorced from moral, political, religious and other controversial issues as far as promoting one view over another. The teacher shall present concepts or ideas without personal opinion and all facets of an issue shall be completely and fairly presented. Teacher presentations shall be given in an unbiased manner to permit each student to arrive at his/her own conclusions.

2. Employees shall be entitled to freedom of discussion within the classroom and all matters, which are relevant to the subject matter taught, so long as they stay within the school, district, state and federal guidelines.
3. Controversial issues, which may be expected to have an adverse effect within the community, shall be discussed with the Principal prior to the presentation of materials or discussion of the issue.

ARTICLE XIII
PUPIL DISCIPLINE

1. Discipline on campus is the responsibility of teachers at all times. Teachers shall make corrections or report infractions of school rules to the principal.
2. Each teacher shall handle his/her own disciplinary problems insofar as possible. The teacher, but only when the principal has given prior approval, may administer corporal punishment.
3. When the teacher needs assistance in any individual disciplinary case, the teacher and the principal shall make an effort to alleviate disciplinary problems through parent/teacher conferences. The teacher may request the principal's presence at said conference. In case of major infractions or where the above procedures have been exhausted, the principal shall take necessary action according to district's Code of Conduct.
4. A teacher within the scope of employment may exert only that force which is necessary to protect himself/herself from attack or to prevent injury to another student.

g. Board Leave:

Board leave will be awarded as compensation for pre-approved assignments outside the normal work day (i.e. early faculty meetings, supervised extracurricular activities for which the teacher is not being paid a supplement.) A maximum of four (4) hours of board

Each principal/AP shall have the authority to release teachers of their staff for less than one-half (1/2) day for temporary absence in the event that a substitute teacher is not required. The teacher must sign out using a district leave form using accrued board time. 3. Terminal Leave:

In accordance with Florida Statute 1012.22 (1) (c) (4), the Liberty County School Board adopts the following supplements and pay plan for differentiated pay for both instructional personnel and school-based administrators. The differentiated pay is based on district-determined factors, including, but not limited to, additional responsibilities, critical shortage areas, and level of job performance difficulties.

1. *Instructional and School Based Administrative Employees*

A. *Additional Responsibilities* – Each School Principal will determine the staff needed to perform additional responsibilities and will provide the list to the Superintendent's Office. The instructional staff may be paid an approved supplement for carrying out the additional responsibilities as determined on the Academic and Athletic Supplement Schedules.

B. *Critical Shortage Areas* – A \$1,000 supplement shall be paid to each instructional employee working in a critical shortage area as designated by Liberty County School Board upon recommendation of the Superintendent. Local critical shortage areas are defined as
(3) consecutive job postings with no applicants. The job postings will be monitored by the Human Resource Department and findings reported to the Superintendent.

C. *Level of Job Performance Difficulties* – Principals and assistant principals' salary is differentiated based on student enrollment, grade level of students, and number of extracurricular activities.
